INSTRUCTIONS

CTE homepage wallpaper ad creative must have an even width dimension of at least 1600 pixels wide. The width can be as much as 3000 pixels wide, but not 1601 or 2999. Also, the wallpaper ad creative must leave white space of exactly 1024 pixels wide in the center of the ad creative. The important thing is that the 1024 pixels of white space is smack dab in the middle of the ad.

The colored vertical lines on the left and right indicate how much of the wallpaper ad creative will be displayed depending on the screen resolution of the computer being used by a CTE website visitor.
